FROM: Artem Atanasov, Chief Sales Officer, Centravis

I'm happy to report that this past week at Centravis has proceeded with our usual consistency in operations.

Our operations have been running seamlessly. The Logistics department is effectively addressing the additional challenges brought on by the Polish truck drivers' strike. All our equipment is operational, and we have a full supply of water, energy, and billets. The motivation and dedication of our team are as strong as ever, ensuring that we fulfill our commitments to you.

In our commitment to operational transparency, Bureau Veritas has conducted another audit of Centravis. Their conclusion confirms that our production and shipment processes are functioning as expected, with no significant issues detected at the time of the audit. A snippet from the audit report is attached for your review. Should you require the full report, which includes detailed imagery and findings, please do not hesitate to reach out.
