

CENTRAVIS PRODUCTION UKRAINE PJSC
56 Trubnikov ave, Dnipropetrovsk rgn., Nikopol, 53201, Ukraine

№ _____ dd 05.05.2023

FROM: Artem Atanasov, Chief Sales Officer, Centravis

Our dear clients, partners and friends,

This week, the shelling of Ukrainian peaceful cities by Russian forces continues, but despite this, the situation in the country and in Nikopol remains stable.

On a positive note, Centravis production is operating at full capacity, with our Hot and Cold Shops in Nikopol and our production site in Uzhgorod functioning smoothly and all equipment in good working order. Furthermore, we are pleased to announce that we successfully fulfilled our April production plan and even produced the largest quantity of tubes since the war began.

Our logistics team is working tirelessly to ensure the safe and efficient delivery of finished products, while our sales offices worldwide remain open and available to assist with any inquiries or requests. Our Financial and Administrative Departments, as well as our Customer Support teams, are fully operational and ready to provide assistance whenever necessary.

We are proud to have our CEO, Yuriy Atanasov, and Production Director, Andriy Krasjuk, working from the Nikopol location and demonstrating their commitment to our company.

Additionally, we recently completed the installation of cold rolling mill 55 in our Uzhgorod production site, which will allow us to conduct pre-preparation of mother tubes in this location and increase our production independence.

We appreciate your continued support during these challenging times and remain committed to delivering high-quality products and services to our valued customers.

Sincerely,
Artem Atanasov aatanasov@centravis.com
