RE: Centravis production

Our dear clients, partners, and friends,

Centravis production continues to work. Despite the difficult situation in Nikopol, the Hot Shop and the Cold Shop continue working in 2 shifts. At the moment we are doing our best to restore night shifts.

All key equipment is running. Production is provided with billets and all necessary materials.

Our Logistics team is actively working and constantly looking for the best and safe ways to deliver the finished products. Our Sales offices worldwide in Essen, Milan, Krakow, Lugano, Houston, and Dubai are open, our Financial and Administrative Departments, Customer support are ready for your calls and messages.

Centravis CEO Yuriy Atanasov and Production Director Andriy Krasjuk stay in Ukraine and keep working in Nikopol.

Next week Centravis will participate in Stainless Steel World Exhibition which is held in Maastricht, Netherlands. We invite our partners and clients to visit our booth C39. This is a good opportunity to discuss how we could develop our existing cooperation and find the new possibilities.

See you at Stainless Steel World 2022.

Sincerely,

Artem Atanasov
