RE: Situation around Ukraine

Dear customers and friends,

As everyone knows there is a Russian invasion into Ukraine going on as we're writing this letter. We are supporting our colleagues and friends in Centravis Ukraine. I would like to thank everybody who calls us and writes expressions of support. We appreciate your kind words especially during such an unprecedented time.

Management of Centravis decided to make a production pause until March 9<sup>th</sup>. In the meantime, all our sales offices in Houston (USA), Essen (Germany), Milano (Italy), Krakow (Poland), Dubai (UAE) will stay full time open. All administration services, such as finance, planning, technical support remain open as well.

Delivery information about the goods that either at the mill, at the port of Ukraine, or in the ground transition will be send to you when we know the end of the hostilities.

Please, feel free to reach me at my phone and email below or to any member of our Team with any questions or requests.

Let's pray for our sisters and brothers in Ukraine whose lives and livelihood are in danger to achieve the freedom we're enjoying in our parts of the world.  
Thank you again for your support and understanding.

Sincerely,

Alex Novak, CSO
