

CENTRAVIS PRODUCTION UKRAINE PJSC  
56 Trubnikov ave, Dnipropetrovsk rgn., Nikopol, 53201, Ukraine

№ 286-03 dd 15.04.2022

FROM: Artem Atanasov, Chief Sales Officer, Centravis

RE: Situation in Ukraine

Our dear clients, partners, and friends,

The fifty-first day of the heroic opposition of the Ukrainian people to the Russian military invasion has begun. The full-scale armed aggression of the Russian Federation against Ukraine continues. Fortunately, the situation in the Nikopol region is calm - there is no enemy and his military hardware. There were no emergencies during this week, the city and all its services are operating normally.

The production situation has not changed since last week. However, we are pleased to announce our success in establishing a rhythmic supply of billets from European suppliers, several trucks with billets have already arrived at the plant.

Despite our severe problems with inbound and outbound logistics, we ship all finished products, sometimes we must use intermediate warehouses in Poland, from where tubes and pipes then go to customers. I am very grateful to everyone for understanding and meeting Centravis halfway.

We consider it our duty to help Ukrainians in this difficult time. Centravis Charitable Foundation actively supports our army, territorial defense, and settlers. Yesterday, on April 14, a charity auction was held in Milan. The proceeds will go to help the families of refugees from eastern Ukraine. You can find all the detailed information about this event on the official pages of Centravis on Facebook, LinkedIn, and Instagram.

Our Sales offices worldwide in Essen, Milan, Krakow, Lugano, Houston, and Dubai are open, our Financial and Administrative Departments, Customer support are ready for your calls and messages.

I am at your disposal as well, with all your requests for information or inquiries.

Sincerely,

Artem Atanasov
