RE: Situation in Ukraine

Our dear clients, partners, and friends,

June 17, the 114th day Ukraine continues to fight for freedom and independence. As of today, major battlefield is in Donetsk and Lugansk region. The threat of missile and air strikes from the territory of Belarus continues. The situation in Nikopol is under control, sometimes we hear artillery duels, quite loud, but all departments are functioning, and the necessary services are provided.

At production everything in normal mode. The Cold and the Hot Shop are working to fulfill the plans and produce tubes on time. Production continues to receive billets in small batches. We continue to accept orders, there is an opportunity to place orders for August-November.

Our Logistics team is actively working and constantly looking for the best and safe ways to deliver the finished products. We use the ports of Germany (Hamburg, Bremerhaven) and Poland (Gdansk, Gdynia) to ship finished products. In Europe delivery is carried out by trucks. There are queues at the border due to the large cargo flows, but we consider the queues and choose the points with the highest throughput.

The members of the Board of Directors, namely Yuriy Atanasov, Andrey Krasjuk, Artem Atanasov, stay in Ukraine and keep working. Our Sales offices worldwide in Essen, Milan, Krakow, Lugano, Houston, and Dubai are open, our Financial and Administrative Departments, Customer support are ready for your calls and messages.

Next week we would be happy to welcome you during the Tube Dusseldorf exhibition. You can find us here: hall 4, booth 4G20. This time we decided to present our booth in a most efficient way to direct all savings to support refugees.

We will never tire of thanking for the support you provide. Glory to the Heroes!

I am at your disposal as well, with all your requests for information or inquiries.

Sincerely,

Artem Atanasov
