RE: Situation in Ukraine

Our dear clients, partners, and friends,

July 22, Ukraine has been fighting for freedom and independence for almost five months. The russians continue their terror against the Ukrainian civilian population, shelling civilian infrastructure. Nikopol was no exception. Centravis employees were not hurt. The production equipment was not damaged.

At the moment of escalation, we took additional security measures to protect our employees and their families. We continue to ship products. The main production is temporarily stopped during this week, but we plan to restart it on Monday, July 25th. Billet supply is stable. We continue to accept orders, there is an opportunity to place orders for September and on.

Our Logistics team is actively working and constantly looking for the best and safe ways to deliver the finished products. Our Sales offices worldwide in Essen, Milan, Krakow, Lugano, Houston, and Dubai are open, our Financial and Administrative Departments, Customer support are ready for your calls and messages. Centravis CEO Yuriy Atanasov and Production Director Andriy Krasjuk stay in Ukraine and keep working in Nikopol.

On July 17, all metallurgists of Ukraine had a professional holiday. Thanks to our colleagues and their hard work, incredible things are possible. In times of war and darkness, we build the economy of our country, deliver to our clients, help the army, and support those who need it now. We thank all the metallurgists who bring the country's victory closer at their workplaces.

I am at your disposal, with all your requests for information or inquiries.

Sincerely,

Artem Atanasov
