Ukrainian people continue to heroically resist to russian invasion and do everything possible to bring our victory closer.

Our company also continues to produce and supply our products all over the world.

Nowadays Centravis production is still working under conditions of limited power during daytime (20% less of required amount) and full volume of electricity at night. At the same time, everything is in order: the equipment is running; the Hot and the Cold Shops are working. Moreover, we fulfilled our January's production plans.

Our logistics team constantly controls the safest ways to deliver the finished products. Our Sales offices worldwide in Essen, Milan, Krakow, Lugano, Houston, and Dubai are ready to your requests. The Financial and Administrative Departments, Customer support are always ready to help.

Centravis CEO Yuriy Atanasov and Production Director Andriy Krasjuk stay in Ukraine and keep working in Nikopol.

We keep working on expanding our customers' network and strengthen our cooperation with existing partners and clients.

Thank you for supporting us!

Sincerely,
Artem Atanasov aatanasov@centravis.com
