RE: Centravis production

Our dear clients, partners, and friends,

After more than 220 days of Russian invasion, the Ukrainian people continue to heroically resist while Ukraine's military is actively retaking some territories in Eastern and Southern parts of the country.

Centravis production continues to work. The key sectors of the Hot Shop and the Cold Shop are working in 3 shifts. All equipment is running. Production is provided with billets and all necessary materials.

Our Logistics team is actively working and constantly looking for the best and safe ways to deliver the finished products. Our Sales offices worldwide in Essen, Milan, Krakow, Lugano, Houston, and Dubai are open, our Financial and Administrative Departments, Customer support are ready for your calls and messages.

Production Director Andriy Krasjuk stays in Ukraine and keeps working in Nikopol.

These days I am planning to hold several meetings with our European clients to strengthen our cooperation and discuss further perspectives.

Sincerely,

Artem Atanasov
