FROM: Artem Atanasov, Chief Sales Officer, Centravis

First, I would like to update you on the current situation regarding the Poland-Ukraine border.

As previously mentioned, Polish trucker protests at Yagodin and Hrebenne-Rava-Ruska have caused logistic disruptions. Our logistics team has redirected freight to the Krakovets and Shehyni border points. We've added a 10-day buffer to our schedules.

Of the two vehicles I mentioned last week, which were moving slower than expected - one already passed the border. We expect the second one to cross the border at the beginning of the next week.

Regarding the current operational situation, our production continues uninterrupted, with all resources including billets, energy, and water being readily available. Our team remains focused and driven to maintain the high standards of service you expect from us.

Your support is greatly appreciated during this time, and we remain at your disposal for any questions you might have.

Best regards,
Artem Atanasov
