Dear Clients and Partners,

This past week has been a productive one for our team, marked by the successful participation in a recent trade exhibition that yielded new contacts and additional orders.

I have fully recovered from my recent surgery and have had a productive week back at work. Next week, I plan to visit clients in Italy alongside our CEO, strengthening our ties and understanding of your needs directly.

#### **Operational Overview at the Plant:**

- **Energy and Water Supply:** Stable, ensuring uninterrupted operations.
- **Equipment Functionality:** All systems are operational without any issues.
- **Team Engagement:** Our team is fully engaged, motivated, and ready to tackle any challenges.
- **Logistics:** We are pleased to report a significant improvement in the logistics issue that affected our Italian clients. The Jagodin border crossing, one of the major routes with Poland, has been fully unblocked. As a result, transit times to Italy have improved, with a reduction of five days in waiting times. Furthermore, the two trucks that were delayed earlier this week have successfully delivered their cargo to our clients.
- **Billet Supply and Material Provision:** We are well-stocked and prepared to meet your demands efficiently.

Thank you for your continued partnership and trust in us. We look forward to further strengthening our relationship and continuing to provide you with the high level of service you expect.

Best regards,

Best regards,
