RE: Centravis production

Our dear clients, partners, and friends,

At the beginning of this week it was exactly 8 months of full-scale war in our country. During this time, we, as Ukrainian nation, become only stronger. We have full confidence in the ability of our armed forces and government to defend our sovereignty and territorial integrity firmly. Our Independence remains our main priority.

Despite the challenges, Centravis production continues to work: our industrial facilities are provided with electricity in full volume, the Hot Shop and the Cold Shop continue working in 3 shifts.

Our Logistics team constantly controls the safest ways to deliver the finished products. Our Sales offices, which are located in Essen, Milan, Krakow, Lugano, Houston and Dubai are open. Our Financial and Administrative Departments, Customer support are ready for your calls and messages.

Centravis CEO Yuriy Atanasov and Production Director Andriy Krasjuk stay in Ukraine and keep working in Nikopol.

Our company is preparing to participate in a big international exhibition – Abu Dhabi International Petroleum Exhibition & Conference (ADIPEC 2022). This is the large-scale annual event in the petrochemical and oil and gas industry, where global manufacturers present their products and establish new business relationships. We are happy to continue our tradition to take part in ADIPEC. So, we invite our partners and clients to visit our booth 10800 in Hall 10. This is a good opportunity to discuss how we could develop our existing cooperation and find the new possibilities.

Thank you for choosing our products.  
Glory to Ukraine!

Sincerely,

Artem Atanasov
