FROM: Artem Atanasov, Chief Sales Officer, Centravis

Dear clients, partners, and friends,

Greetings from the heart of Ukraine, a nation of undeterred spirit and enduring strength. At Centravis, we strive to mirror these qualities, ensuring our commitment to deliver, even in the face of big challenges. Our focus remains firmly on fulfilling our obligations.

We are proud to report the additional independent water supply system we implemented has proven successful, providing not only for our production needs but also for our community. This system has ensured our resilience against any uncertainty of the water situation in the Dnipro River.

We understand the significance of our mission and continue to prioritize our commitments to you. Our logistics team has been working tirelessly to ensure the secure and efficient delivery of our products. Our global sales offices, Financial and Administrative Departments, and Customer Support teams are fully operational and ready to provide any assistance you might require.

I am also delighted to share that our dedicated team in Nikopol is being strengthened by the presence of Andrey Krasnyuk, Yuri Atanasov, and myself, as we join them in the coming weeks.

Our gratitude extends to each of our clients and partners who continue to trust us and recognize our reliability during these times.

Thank you for your continued support and faith in us.
Glory to Ukraine!

Sincerely,
Artem Atanasov
